The mission of The Royal Conservatory—to develop human potential through leadership in music and the arts—is based on the conviction that music and the arts are humanity's greatest means to achieve personal growth and social cohesion. Since 1886 The Royal Conservatory has realized this mission by developing a structured system consisting of curriculum and assessment that fosters participation in music making and creative expression by millions of people. We believe that the curriculum at the core of our system is the finest in the world today.

In order to ensure the quality, relevance, and effectiveness of our curriculum, we engage in an ongoing process of revitalization, which elicits the input of hundreds of leading teachers. Getting Started

Why Choose the RCM Certificate Program?

The RCM Certificate Program provides a comprehensive path for musical development, with progressively sequenced requirements encompassing four main areas:

Repertoire

- Each level includes a broad selection of repertoire representing a variety of styles and periods.
- Regular reviews of the repertoire ensure a balance between the familiar canon of teaching repertoire and new and innovative selections.
- Teachers and students can add favorite pieces through the Teacher's Choice selections.

Technical Requirements

- Technical requirements are designed to support the demands of the repertoire for each level.
- Technical tests include patterns based on scales, chords, and arpeggios.
- Etudes develop technical skills within a musical context.

Musicianship Skills

- A thoughtful and consistent approach to the development of ear training and sight reading provides students with a solid foundation for independent creative musical explorations.
- Musicianship skills are developed to support the goals and requirements of both performance of repertoire and theoretical concepts.

Music Literacy

- The theory concepts recommended for concurrent study at Elementary levels, and corequisite examinations at Intermediate and Advanced levels support students in acquiring the theoretical and historical knowledge necessary in support of music literacy.
- Theory examinations are tied to the Intermediate and Advanced practical levels, reinforcing concepts encountered in repertoire, technical requirements, and musicianship skills.

Register for an Examination

All examination registrations should be submitted using the online registration system.

Examination Sessions and Registration Deadlines

Practical and written examination sessions take place several times a year at examination centers across North America.

Exact dates and deadlines can be found online. Register early to avoid disappointment. Late registrations are subject to an additional fee and may not always be accommodated.

Examination Fees

Examination fees must be paid at registration using a valid credit card. Current examination fees may be found online.

Examination Centers

Examinations are conducted in more than 300 communities across North America. Each examination center has a local Center Representative who ensures that students and teachers have a successful examination experience.

Examination Scheduling

All students must verify their examination schedules online two weeks prior to the beginning of the examination session. Examination schedules will not be mailed. Teachers may verify their students' examination schedules online through their teacher account.

Students are asked to print the "Examination Program Form" from their account. The program form must be filled out by the student and/or teacher, and brought to the examination center for presentation to the examiner.

Students who, for any reason, are unable to attend an examination should contact the Center Representative listed on their Examination Schedule. The Center Representative may be able to provide an alternate appointment time.

Program Overview

Internationally recognized certificates are awarded for successful completion of each practical and theory examination from Level 1 to Level 10.

Comprehensive certificates are awarded to students in Levels 6 through 10 for successful completion of both the practical and corequisite theory examinations. Diplomas are awarded to Associate Diploma (ARCT) candidates for successful completion of both the practical and corequisite theory examinations.

★ See the current *Theory Syllabus* (available online) for further information regarding prerequisites and corequisites.

Theory Examinations

★ See the current *Theory Syllabus* (available online) for detailed theory examination requirements.

Practical studies are supported by theory examinations that promote the development of musical literacy and encourage an enriched understanding of style and structure. Theory examinations test knowledge of music theory and history, either through an in-person written examination or online.

Official Examination Papers, available from the RCM bookstore and at music retailers, are published annually by RCM Publishing to aid with examination preparation.

Practical Certificates

Elementary Certificates

While completion of theory examinations is not required to obtain practical certificates for Levels 1, 2 and 4, it is highly recommended that theory study be concurrent with practical study at all levels. This table illustrates the correlation of practical levels with theory levels.

Certificate	Practical Examination Requirement	Corresponding Theory Level (no examination required)
Level 1	Level 1	Level 1 Theory
Level 2	Level 2	Level 2 Theory
Level 4	Level 4	Level 4 Theory

Intermediate Certificates

A comprehensive certificate may be earned by successful completion of each practical examination and its corequisite examination for Levels 6 and 8.

Comprehensive Certificate	Practical Examination Requirement	Theory Examination Corequisite
Level 6	Level 6	Level 6 Theory
Level 8	Level 8	Level 8 Theory

Advanced Certificates

A comprehensive certificate may be earned by successful completion of each practical examination and its corequisite examinations for Levels 9 and 10.

Comprehensive Certificate	Practical Examination Requirement	Theory Examination Corequisites
Level 9	Level 9	Level 8 TheoryLevel 9 Harmony (or Keyboard Harmony)Level 9 History
Level 10	Level 10	 Level 8 Theory Level 9 Harmony (or Keyboard Harmony) Level 9 History Level 10 Harmony & Counterpoint (or Keyboard Harmony) Level 10 History

Diplomas

Candidates applying for the Associate Diploma (ARCT), Performer or the Associate Diploma (ARCT), Teacher must have completed a Level 10 practical examination with either a total mark of at least 75 or a minimum of 70 percent in each section of the examination. Candidates must also have completed all Level 10 theory corequisites with a total mark of at least 60 percent on each theory examination.

Associate Diploma (ARCT), Teacher Examinations

Candidates applying for the Associate Diploma (ARCT), Teacher are strongly advised to have at least one year of practical teaching experience.

The Associate Diploma (ARCT), Teacher will be awarded only to students 18 years of age or older.

The Associate Diploma (ARCT), Teacher examination consists of three parts:

Part 1: Performance of Repertoire, Orchestral Excerpts, Technical Requirements, and Musicianship

Part 2: Viva Voce examination

Part 3: Written examination

Parts 1 and 2 constitute the practical portion of the ARCT examination and are therefore taken during a practical examination session. Part 3, a written examination, is taken during a theory examination session.

Candidates may choose to take all three parts of the Associate Diploma (ARCT), Teacher examination at one session, or they may take the parts at different sessions. The parts may be taken in any order, but all three parts must be completed within a period of two years.

Second Associate Diplomas

The Associate Diploma (ARCT), Performer and the Associate Diploma (ARCT), Teacher examinations may not be attempted at the same session.

- Candidates who have passed the ARCT, Teacher examination may obtain an Associate Diploma (ARCT), Performer by taking the entire ARCT, Performer examination.
- Candidates for the Associate Diploma (ARCT), Teacher who have passed the ARCT, Performer examination will be exempt from the Repertoire and Orchestral Excerpts sections of the ARCT, Teacher examination. The remaining sections of the ARCT, Teacher examination (the Etudes and Musicianship sections of Part 1 and all of Part 2) must be taken in a single session, within five years of the date of the ARCT, Performer examination.

Prerequisites and Corequisites

The following table summarizes all prerequisite and corequisite examinations required to obtain the Associate Diploma (ARCT), Performer and the Associate Diploma (ARCT), Teacher. Prerequisites are indicated with P and corequisites are indicated with C.

Candidates must complete prerequisite examinations at least one session prior to registration.

Practical Examination Requirements

Repertoire

At each level, students are encouraged to choose a balanced examination program that includes a variety of musical styles, genres, and tonalities.

Repertoire Lists

The repertoire for most levels is divided into several lists, according to musical characteristics, form, or historical style period.

Information for each repertoire selection includes:

- the composer
- the larger work of which the selection is a part (where applicable)
- the title of the selection
- an anthology or collection in which the selection can be found (where applicable)
- performance directions (where applicable) indicating section(s) or movement(s) of a work to be prepared
- the publisher of a suggested edition (where applicable)

Names of publishers are indicated by an assigned abbreviation.

★ Please see rcmusic.com/syllabi for a list of publishers with their abbreviations.

Da Capo Signs and Repeats

- When performing repertoire and etudes at an examination, students should observe *Da Capo* signs.
- Repeat signs should ordinarily be ignored.

Memorization

- Memorization of repertoire is encouraged.
- Repertoire, etudes, and orchestral excerpts need not be memorized and no extra marks will be awarded for memory.
- Technical tests (scales and arpeggios) must be played from memory.

Editions

For many repertoire selections, the *Syllabus* listing includes a suggested edition (indicated by an assigned publisher abbreviation). These editions have been chosen for their quality or for their availability in North America. Where no publisher is indicated, students are encouraged to use the best edition available—the edition that most accurately reflects the composer's intentions.

Editorial markings vary from edition to edition. Examination marks will not be deducted for altering these editorial suggestions as long as the resulting change is musically acceptable.

The Royal Conservatory strongly encourages the use of modern editions. These editions benefit from current scholarship and provide a reliable basis for study and performance. If a student has purchased an online edition or downloaded a free edition that is in the public domain, they must provide either proof of payment, in the case of purchased editions, or proof of legal, free download, in the case of online editions in the public domain.

Copyright and Photocopying

Federal and international copyright laws prohibit the use of photocopies without the permission of the publisher. The use of unauthorized photocopies for examination purposes constitutes copyright infringement as outlined in the Copyright Act of Canada and in Title 17 of the United States Code. Additional information about federal copyright law is available online through the Copyright Board of Canada at cb-cda.gc.ca and the US Copyright Office at copyright.gov.

Students should bring all music to be performed to the examination. Students who wish to photocopy one page of a selection to facilitate a page turn may do so only with permission from the publisher.

★ With this notice, The Frederick Harris Music Co., Limited grants permission to festival, recital, and examination participants to photocopy one to two pages from their copyrighted works to facilitate a page turn.

Substitutions

Students have the option of expanding upon the given lists for their level with substitute selections. Official approval of most substitute selections is not required. Substitute selections fall into two categories: Syllabus substitutions and Teacher's Choice substitutions. Students must comply with the following regulations regarding repertoire substitutions. A substantial mark deduction may be applied for substitute selections that do not comply with the following regulations.

Syllabus Substitutions

Students in Levels 1 to 10 may substitute *one* repertoire selection and/or *one* etude from the level immediately above their examination level.

- Official approval is not required prior to the examination.
- The substitute piece must align with the genre or stylistic period intended for the list in the level to be examined.
- Syllabus substitutions must be performed according to the examination requirements of the higher level and will be evaluated at the standard of the higher level.

Teacher's Choice Substitutions

Students in Levels 1 to 10 may substitute *one* repertoire selection or *one* etude with a work not listed in the *Syllabus* that is of comparable length, difficulty, and musical quality to selections in the specified list.

- Teacher's Choice substitutions for repertoire must be of comparable stylistic idiom to the corresponding list for which they are performed.
- Teacher's Choice substitutions for etudes may be freely chosen from any stylistic period.
- The mark for the performance of a Teacher's Choice substitute selection will include an assessment of the appropriateness of the choice.
- Students performing a Teacher's Choice selection that exceeds the expected length of a repertoire or etude selection for the student's level may be stopped by the examiner once an assessment has been reached.
- It is the responsibility of the teacher to provide guidance regarding Teacher's Choice substitutions.
- ★ For any substitute selections falling outside these categories, and any substitutions at the Associate Diploma (ARCT) level, students may complete an Examination Substitute Piece Request Form (available online) by the examination registration deadline. Students are advised to prepare an alternate work in case the request is denied.

Orchestral Excerpts

Students may select the specified passages from parts for orchestral works; measure numbers and/or rehearsal letters and numbers for all excerpts are included in the listings. Alternatively, students may use parts printed in anthologies of orchestral excerpts. Details of selected anthologies are given for each level.

Technical Requirements

Etudes

- Etudes need not be memorized, and no extra marks are awarded for memorization.
- For further details on examination requirements for etudes, please consult the listings for each level.

Technical Tests

- The examiner will choose a representative sampling of items on the technical tests list.
- Technical tests (scales and arpeggio patterns) must be played from memory.
- Metronome speeds are intended as a guideline for the minimum tempo of each requirement.
- For further details on examination requirements for technical tests, please consult the listings for each level.

Musicianship

Ear Tests

- Ear tests include melody clapback, melody playback, and identification of intervals, chords, and cadences.
- For further details on examination requirements for ear tests, please consult the requirements for each level.

Sight Reading

- Sight-reading tests consist of tapping the rhythm of short excerpts and sight playing of short passages.
- For further details on examination requirements for sightreading tests, please consult the requirements for each level.

Examination Regulations

Examination Procedures

Students must be ready to perform at least fifteen minutes before their scheduled time. Please contact the Center Representative if you are unable to attend the examination at the assigned time. *Note that examination times cannot be exchanged among students.*

- Students are required to list all repertoire and etudes to be performed on the Examination Program Form and bring it to the examination for presentation to the examiner.

- Warm-up rooms and music stands are not guaranteed for students.
- Photo ID may be requested before students are admitted to the examination room.
- Students must provide the examiner with a published edition of each piece of music to be performed at the examination.
- Collaborative pianists must perform from a published edition.
- Photocopied music is not permitted in the examination room unless the student has a letter of permission from the publisher or website. (Please see "Copyright and Photocopying" on p. 8.)
- Recording devices, cell phones, and other electronic devices are strictly prohibited in the examination room. All electronic devices, books, notes, bags, and coats must be left in the area designated by the Center Representative.
- Page turners and other assistants are not permitted in the examination room. Waiting areas are provided for parents, teachers, and assistants. Standing or listening outside the examination room door is prohibited.
- The student's performance may be interrupted at the examiner's discretion once an assessment has been made.

Collaborative Pianists

- Students must provide their own collaborative pianist.
- Recorded accompaniments are not permitted. Students who do not provide a collaborative pianist may not be examined.

Credits and Refunds for Missed Examinations

Students who, for any reason, are unable to attend an examination should contact the Center Representative listed on their Examination Schedule immediately.

Examination credits and fee refunds are granted only to students who are unable to attend an examination because of:

- medical reasons or
- · scheduling conflicts with a school examination.

Only in these two specific situations are students eligible to request *either* an examination credit for the full amount of the examination fee *or* a 50 percent refund of the examination fee.

Requests for examination credits and refunds must be made to the RCM Certificate Program *in writing* and be accompanied by the necessary documentation. Additional information is available online.

★ All requests must be submitted by email or mail within two weeks following the examination. Requests received after this time will be denied.

Examination Credit

An examination credit may be applied to the fee of a future examination. Examination credits are valid for *one year* from the date of the original scheduled examination. Examination credits can be redeemed when the student registers for his or her next examination. The credit will be automatically applied during the online registration process. *Please note that credits are not transferable and may not be extended beyond one year.*

Fee Refund

Students who know at the time they are applying for an examination credit that they will not be able to make use of it within the one-year time period may instead apply for a refund of 50 percent of the examination fee.

Students with Special Needs

Students with special needs should submit a Special Needs Request Form by email or mail to the RCM Certificate Program. All Special Needs Requests must be submitted before the registration deadline. Students may be required to submit current medical documentation and/or an Individual Education Plan in order to evaluate the accommodation request. Each case will be assessed individually.

Students with special needs may receive help in and out of the examination room if required. Please note that helpers must normally remain in the waiting area during the actual examination.

* The Special Needs Request Form is available online

Certificates

Certificates are awarded to students who successfully complete the requirements for each practical and theory examination. Please see "Program Overview" on p. 6.

Beginning in Level 5, comprehensive certificates are awarded *after* both the practical and corequisite theory examinations for that level have been successfully completed. Corequisite theory examinations must be completed before or within five years after the original practical examination in order to receive the comprehensive certificate.

★ For further information regarding the recognition of achievement in the Certificate Program, please visit **rcmusic.com/recognition**.

Examination Results

Students and teachers can access examination marks online following the examination period. Access to complete examination results, with comments and marks, will follow.

Please note that results will neither be mailed nor provided by telephone.

★ Teachers may access their students' examination results by logging into their online account at **rcmusic.com**.

Official transcripts are available upon written request to the RCM Certificate Program and payment of the requisite fee. (The Official Transcript Request Form is available online.)

Interpreting Examination Results

All students may access their complete, official results (including examiner's comments) online after the examination has taken place. The examiner's report explains in general terms how the official mark was calculated, and it provides information to support students in their future musical development. The official mark reflects the examiner's evaluation of the student's performance during the examination. As the student's performance cannot be reconstructed, requests to review marks will be considered only in the event of a serious procedural irregularity.

Classification of Marks

First Class Honors with Distinction	90–100
First Class Honors	80–89
Honors	70–79
Pass (Levels 1–10)	60–69
Insufficient to Pass	50–59

Please note: in cases where the total mark would be under 50, no mark is assigned. The student receives the examiner's comments only: further preparation is deemed necessary for assessment.

Marking Criteria for Performance of Repertoire

First Class Honors with Distinction: 90-100

This standing is awarded for exceptional performances that are confident and communicative, while demonstrating technical command, insightful awareness of style, and convincing musical interpretation.

First Class Honors: 80-89

This standing is awarded for performances that are musically engaging, show thoughtful preparation, and demonstrate technical security, stylistic understanding, and musical awareness. There is quick recovery from any minor slips or brief lapses.

Honors: 70-79

This standing is awarded for performances that are generally secure and fluent, indicate careful preparation, and reflect some awareness of style and musical understanding. There may be occasional slips or lapses, with room for further development of technical control and attention to musical details.

Pass: 60-69

This standing is awarded for performances that exhibit a basic level of preparation. There may be slips or lapses, loss of continuity, unresolved technical issues, and a lack of attention to musical details. The examiner's report will identify areas that require further study and exploration.

Insufficient to Pass: 50-59

The performance is a work in progress. There are many errors, slips, and stumbles disturbing the continuity. Although some aspects of the performance may show basic preparation, a satisfactory performance requires more consistent fluency and attention to both musical elements and markings in the score.

Split Level 10 Practical Examinations

Students may choose to take the Level 10 practical examination in two separate segments: one consisting entirely of repertoire; the other consisting of orchestral excerpts, technical requirements, ear tests, and sight reading.

- The division of material in the split Level 10 examination cannot be altered.
- The two segments may be completed in any order within the same session or in different sessions.
- Both segments of the split Level 10 examination must be completed before registering for any supplemental examinations.
- Both segments of the split Level 10 examination and any supplemental examinations must be completed within two years of the initial examination segment.

Students must complete the corequisite theory examinations within five years of the *initial practical examination segment*.

Students who have taken a complete Level 10 examination and have achieved 70 percent in the repertoire section are permitted to register for a split Level 10 examination in order to improve their mark in the technical requirements, ear tests, and sight-reading sections. The repertoire mark from the complete Level 10 examination will count towards the student's official mark.

Only students who take the complete Level 10 examination (without the split) will be eligible to receive awards.

Supplemental Examinations

Students seeking to improve their official mark for Level 10 may take up to *three* supplemental examinations.

- Supplemental examinations must be taken within two years of the original examination.
- Supplemental examinations are given during regular examination sessions.
- Students in Level 10 may repeat any three sections of a practical examination: repertoire, orchestral excerpts, technical requirements, or musicianship (ear tests and sight reading).
- To be eligible for a supplemental examination in Level 10, students must have achieved a minimum mark of 65 overall.

Students must complete the corequisite theory examinations within five years of the *original practical examination*.
